What is this ebook?

The Infinite Odyssey: Audio Adventure – Audio Edition is a collection of fun stories in every episode. Each adventure is standalone, so you don’t need to listen in order.

Click the 🎧 headphones icon next to each episode title to listen to the full story!

Join the Knowledge Guardians on The Infinite Odyssey: Audio Adventure! Leo the math whiz, Maya the language expert, and Pip the science-sous-chef travel through time and space in the Voyager-7 to save the world's facts from the bumbling Error-Bots. Narrated by Ava, our interactive AI, every episode is an action-packed mission where you help solve the puzzles! From Ancient Rome to the Amazon, it’s high-stakes learning for ages 7+.

This podcast is a thrilling educational adventure for ages 7+, where kids learn math, history an more by helping the heroes solve action-packed puzzles on missions through time and space.

🎧 Episode 1 - The Perilous Pit of Peru

Description: In this thrilling premiere, Leo, Maya, and Pip are trapped in a jungle temple! With the entrance sealed and the clumsy Error-Bots, Glitch and Blip, in hot pursuit, the team must use Incan history and logic to solve a dangerous puzzle. It’s a race against time to reach the Sun Chamber! Will their wits be enough to escape this ancient trap?
Length: 3 minutes 49 seconds

🎧 Episode 2 - The Fraction Falls Fiasco

Description: In Episode 2, the crew lands in the Crystal Canyon, a world where math governs the very ground they walk on. When Glitch and Blip attempt to destroy the musical Sonic Crystal, Leo, Maya, and Pip must master fraction-based stepping stones to reach it. This high-stakes space adventure combines humor, teamwork, and clever problem-solving to save the canyon.
Length: 5 minutes 17 seconds

🎧 Episode 3 - The Temple of the Talking Totem

Description: Join the crew in a misty rainforest as they uncover an ancient temple that speaks only Spanish. To retrieve the Amulet of Understanding, Maya, Leo, and Pip must solve linguistic puzzles using greetings, polite requests, and directions. With the clumsy robots Glitch and Blip in pursuit, the team proves that language is the ultimate key to adventure.
Length: 5 minutes 18 seconds

🎧 Episode 4 - The Great Addition Adventure

Description: Join Ava and the Odyssey crew on a high-stakes mission to the Vault of Vertices! When the mystical Sum Stone loses balance, the floor begins to vanish. To save the universe's numbers, the team must solve addition puzzles, outsmart the chaotic duo Glitch and Blip, and find the missing piece of a shimmering equation.
Length: 5 minutes 14 seconds

🎧 Episode 5 - The Dinosaur Dash

Description: In this prehistoric audio adventure, the crew uses an experimental time-hop function to journey to the Cretaceous period. Their mission: retrieve a lost data-core amidst a world of towering ferns and ancient giants. Listeners identify various dinosaurs, including the powerful T-Rex and gentle Brachiosaurus, helping the crew make survival choices

using real paleontology facts.
Length: 5 minutes 29 seconds

Episode 6 - The Musical Meteor Maze

Description: Join Ava and the Odyssey crew as they answer a distress call from the Symphony Belt. When the harmonic balance of the asteroids is shattered, the team must navigate a treacherous musical note maze to reach the Master Tuning Fork. This STEM-focused story teaches kids about musical scales and sequences as they help Leo, Maya, and Pip solve puzzles to restore harmony to the galaxy.
Length: 5 minutes 33 seconds

Episode 7 - The Code of the Crystal Caves

Description: In this interactive space adventure, the crew journeys to the Crystal Caves of Xenon to retrieve the Prism of Passage. When Pip accidentally triggers a lockdown, laser grids descend, trapping the team. To escape, they must solve a STEM-based light puzzle using spatial reasoning and physics. This educational story encourages young "cadets" to help the crew decode ancient symbols and master the science of reflection.
Length: 5 minutes 33 seconds

Episode 8 - The Antarctic Animal Rescue

Description: When a research beacon goes dark in Antarctica, the Odyssey crew discovers the outpost and a colony of Adélie penguins are trapped by "ghost gear" fishing nets. With a hungry leopard seal nearby, Leo, Maya, and Pip must use their knowledge of animal behavior to rescue the penguins and restore the signal. It’s a high-stakes, educational mission where science saves the day.
Length: 5 minutes 54 seconds

Episode 9 - The Puzzle of the Planetary Pipeline

Description: The crew responds to an urgent alert from the Eco-Orbiter, a massive space station responsible for recycling water for an entire colony. Upon arrival, they find the filtration system blocked and the station in peril. While Leo, Maya, and Pip race to isolate the clog using sequential logic, the bumbling Glitch and Blip attempt to sabotage the mission with sticky green sludge.
Length: 5 minutes 16 seconds

🎧 Episode 10 - The Pharaoh's Final Riddle

Description: The Odyssey crew travels back to ancient Egypt to protect the ceremonial scarab of King Tutankhamun. After solving a Sphinx's riddle about the life-giving Nile River, the team must confront the bumbling Error-Bots, Glitch and Blip, who have stolen the artifact with a malfunctioning magnetron. Using historical strategy and clever distractions, Leo, Maya, and Pip must retrieve the scarab and preserve history.
Length: 5 minutes 54 seconds

🎧 Episode 11 - The Logic of the Labyrinth

Description: The Odyssey crew investigates a massive, cubic asteroid known as the Labyrinth of Reason. To reach its core energy signal, Leo, Maya, and Pip must solve a series of ancient logic puzzles that test their deductive reasoning. As the bumbling Error-Bots, Glitch and Blip, attempt to randomize the challenges, the team must use formal logic and category sequencing to navigate shifting tiles and complex riddles.
Length: 6 minutes 23 seconds
